

Exploring Safety During Perinatal Care Experiences Research Study

What is this study about?

This study explores what feeling safe means to South Asian, Southeast Asian, and Pacific Islander childbearing women and people during perinatal care experiences

Why participate?

- You may help contribute valuable information in understanding what feeling safe means to improve perinatal care
- You will receive payment for your participation

Who can participate?

- Self-identify as a South Asian, Southeast Asian, and/or Pacific Islander childbearing woman or person
- Received perinatal care and given birth in the United States
- At least 18 years old
- Speak English
